

VICTORIA MUNOZ

What's your Major?

My current major here at the University of Nevada Reno is Business Management and I am also planning on minoring in Sports Management.

What career are you interested in?

I am currently doing real estate school so I know I want to do real estate on the side but hopefully I fall into something in the sport management field. I'm not 100% set on anything specific kind of just seeing where life takes me.

Any Technology Background?

I would say I'm fairly proficient in the use of technology. I have been using technology everyday since I was about 7 years old. I'm always learning new loopholes and devices. I have taken an IS 101 class before which taught me a lot about computer systems. I use Microsoft Word, Excel, and Powerpoint weekly. I also use the Google Chrome browser everyday at work and school. I also use communication softwares for work. For example Zoom and Google meet.

Hobbies?

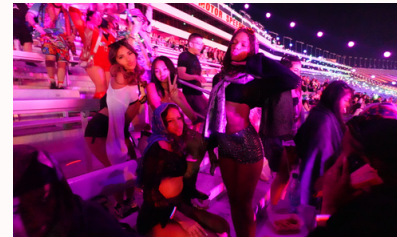

✈️ Traveling

👨‍🍳 Cooking

👨‍👩‍👧‍👦 Spending time with family + friends

🎤 Attending concerts / festivals

Why UNR?

I chose UNR because it was the closest thing away from home. I felt like I needed my own space and to grow independence and this was the perfect opportunity for that. Also after a lot of research UNR was well known for their Business Programs and Internships.
